📞 0715100539          ✉ pwambua25@gmail.com     ◈ Athiriver, Kenya

As a dedicated and results-oriented professional, I bring a wealth of experience in software engineering. Over the past five years, I have developed my skills in web and mobile development, contributing to the growth and success of projects I have contributed to or developed on my own. My career journey has equipped me with a comprehensive understanding of relevant industry knowledge, allowing me to effectively navigate and adapt to the ever-evolving landscape of software engineering. I am passionate about leveraging innovative solutions and strategic thinking to drive business performance and achieve outstanding results. Feel free to reach out if you'd like to connect, discuss industry trends, or explore potential partnerships. Let's connect and grow together!

## Work Experience

### Freelance developer, Peter wambua

Athiriver, Machakos (2020-05-01 - 2024-06-19)

I made projects for different clients. One was a hotel and the other was a hospital. I gained a lot of insights on how hotels and hospital operate plus learned new technologies to me like HL7.

### Programmer, Projtrac

Nairobi, Kenya (2023-01-01 - 2024-06-19)

I have worked on their main system which is a project monitoring and evaluation system. I also made a public portal for the same system and worked on a mobile for data collection like collecting progress details for a particular project.

## Education

### High school, Information technology

Machakos boys high schools (2012-02-01 - 2016-11-29)

Did my high school and got my certificate

### Diploma, Information technology

University of nairobi (2019-02-11 - 2020-01-30)

Did my diploma in business and mainly focused on information technology

### Bachelors of commece, Business

University of nairobi (2021-01-11 - 2024-06-19)

I am not yet done with my degree due to work issues. Balancing has been an issue since i work for a startup and its demanding. I am currently working on going back to finish my last semester.
